## Weather and Crop Report of the West

WINNIPEG, August 26th.—During the past week the weather throughout the prairie provinces has been clear and moderately warm, with local rains in scattered districts of each province, according to the weekly crop report of the Canadian Pacific Railway's agricultural department. The rain has not been sufficiently heavy, however, to retard harvesting operations where work has already commenced.

Ideal planting conditions now exist under which the harvesting which has already begun on a limited scale, is just becoming general.

Rye cutting is completed and considerable threshing is done and the out turns on the whole are better than was expected the report states.

Labor supply in the west is rigid to prevent demand, being augmented by eastern harvesters and farmers from dried out areas as the work advances. Livestock receipts on local markets continue heavy, and prices are good.

Crops in Manitoba are favorable, the report states, and all but very late harvests are reaching maturity without retard damage. The yield promises well above the average, and the sample is good.

Considerable wheat cutting has already been accomplished, and this operation is being general throughout the province though temporarily retarded in some sections by rain towards the week end.

In the province of Saskatchewan the appearance of the grain fields has greatly changed during the past week, the weather being fairly warm and dry and entirely favorable for ripening of crops.

Wheat cutting has commenced in a number of districts, principally in the south, but is now becoming general throughout the province. Wheat stem sawfly has caused minor damage in scattered districts and some loss is attributable to rust infection, but all crops now generally beyond further injury from the latter cause.

Ripening of grain has advanced rapidly in Alberta and wheat cutting which has commenced in a number of places, will be fairly general during the coming week if present weather conditions keep up.

On the B. D. and B. C. Ry. harvest is delayed at all points by wet weather. Green feed and pastures benefited greatly by precipitation. Cutting in general should be resumed early this week. In British Columbia the weather has been very warm during the past week and fruit trees are coming on well. Pines, alders, firs and pears, and apples are in view in good volume. Hay is in crops in the prairie and the crop, generally speaking is much better than anticipated.

## KIPLING'S STORY ONCE A FAILURE NOW BEST SELLER

Famous "The Light That Failed" Splendidly Screened by Paramount.

Debated a failure at first, Rudyard Kipling's famous story, "The Light That Failed," grew in popular favor until it became one of the best sellers bearing his name. When the story was chosen to be filmed by George Alfred, the author was communicated to and certain changes made which substantiate the narrative and make it quite appealing and dramatic.

Opening on the sea-coast of England, the picture shows Dick Heller, a boy and Melie Watts a girl, both orphans, playing together.

The role of Dick Heller is played by Henry Mamont. Jacqueline Logan is featured as Bessie Brooke. David Torrence as Torpenhow and Sigrid Holmquist as Melie are featured in the cast.

This famous picture will be shown at the Strathmore Memorial Hall on Saturday, September 6th.

## SCOTTISH PLOUGHMEN FOR CANADA.

Two hundred ploughmen from all parts of Scotland, including twenty-two splendid families, recently sailed from Scotland, under the direction of Mr. T. E. Roberts, of the Department of Colonization and Development, Canadian Pacific Railway. These emigrants have capital ranging from a few hundred to a thousand pounds. Many of the party, hailing from the counties of Inverness, Ross, Sutherland and Caithness, were selected by Miss Anne MacDonald, Canadian Government agent at Inverness. Most of the party intended for the West upon arrival at Quebec.

## James Rea Dies Following Operation

The funeral service for James Rea who died at the Holy Cross Hospital on Monday morning, August 25th, was held Wednesday afternoon, August 27th, at 2:30 o'clock.

The service was read by Rev. Wilmot. The pall bearers were: Bert Huffman, Chas. Cowell, Anton Pierson, Peter Vidal, John A. McDonald and A. J. Nowak.

A large number of friends and relatives followed the body to its last resting place in the Burnside cemetery.

Death occurred following an operation for appendicitis.

Mr. Rea was one of the early settlers of this district, coming here from North Dakota about fourteen years ago. He located on his farm north of Chénille, which he has farmed successfully since. He was born at Fisher, Minnesota, and was forty-two years old at the time of his death. He leaves a widow and seven children, the eldest of whom is seventeen years of age. He is also survived by his father, John Rea, his brother, Stanley, and two sisters, Mrs. A. J. Novak, and Mrs. Sam Huberscher, both of Chénille. Four sisters reside in the United States.

## ALBERTA BUTTER FOR BRITAIN AND ORIENT

—o—

More Alberta creamery butter than ever before is going to the British and Oriental markets this season. Already shipments to both these markets have been very heavy. The British market has been very receptive, and more than twice as much Alberta butter will go there this year as went in 1923, when more than 20,000 cases were shipped to Britain. The shipments to Japan and China this year have also been heavy.

## HONEY IN ALBERTA

—o—

Between 35,000 and 50,000 pounds of honey in his first year in the bee business in Southern Alberta is the record which George Reidel expects to set up this year from his 300 colonies of bees in six apiaries throughout the Canadian irrigated district. Mr. Reidel claims that Southern Alberta is one of the finest bee districts in the world, and certainly the best in Canada.

## FIRST SAMPLE OF WHEAT GOOD

The first sample of 1924 wheat to be graded by the Dominion Inspection Department in Alberta came from the Barons district and grades No. 1 Northern.

## Sweet Dreams

## Standard News

Mrs. N. P. Nelson accompanied by her two daughters, and her father, Mr. Christofferson, returned home from Calgary on Wednesday.

Miss "Toots" Goring has returned to her position as telephone operator here, after a vacation spent with her parents at Pandora, Alta.

Mr. J. F. Fringie arrived on Friday last and spent a few days here at the home of Mr. and Mrs. F. D. Knowlton.

Mr. and Mrs. R. Gregory and daughter, Miss Helen Gregory, moved to Calgary on Thursday. Miss Gregory will remain in Calgary where she will pursue her studies at the Sacred Heart Convent.

Definite arrangements have been made for the erection of the new school at this point. The contract has been let and work is to commence this week. It is hoped that the school will be in readiness for the term beginning after the new year.

Mr. C. Noble, who has been teller in the local branch of the Union Bank here for the past two years, left on Wednesday evening for a two week's vacation, after which he will take up new duties in some other branch, the exact location of which had not been decided when Mr. Noble left for his holidays. His many friends in Standard wish him good luck and prosperity in his new undertaking.

Mr. and Mrs. J. Hasmussen motored to Calgary last week; they were accompanied on their return by Dr. and Mrs. C. X. Hansen, of Dana College, Blair, Nebraska, who spent a few days at their home here.

Mr. D. McLeod arrived in Standard last week and has taken over the C.P.R. section work here. Mrs. McLeod and family are expected to arrive this week.

Mr. Emes, who has been in town during the summer months, brightening up the business houses with fresh coats of paint, spent the week end in Medicine Hat at his home there.

The Health Inspector visited Standard last week.

Mr. and Mrs. A. E. Williams and children, motored to Calgary last week, while in the city little Doris Williams had her tonsils removed.

Mr. and Mrs. H. D. Grant and family have returned to Canada, after spending the summer at Deer Lodge, Montana. Mr. Grant has resumed his duties as manager of the Deer Lodge Farm here.

Mr. George Webb returned from a business trip to Calgary on Wednesday.

Word has been received of the birth of a son to Mr. and Mrs. C. H. Hoslyn, of Vulcan, formerly of Standard.

## PROMINENT VISITORS FROM HOLLAND

Mrs. J. Veenten, manageress of the Transatlantic Emigration Bureau of Holland, has been a visitor to Edmonton during the past few days, interviewing members of the Alberta Government on the question of emigrants from Holland to Alberta farms. Mrs. Veenten is very favorably impressed with the possibilities for settlement of her countrymen in this province.

## ALBERTA'S FISH PRODUCTION

Fish production in Alberta in 1923 totalled a value \$48,727, according to the Dominion Bureau of Statistics.

## Rosebud Notes

Mr. James Wining, of the Bank of Commerce staff is all smiles. Little Jimmy arrived a few days ago, and will be taking the train to Rosebud in a few days.

The new teachers are getting settled, and school opens this week. It is expected that Rosebud school will be full to capacity as there are so many little children starting for the first time, and also quite a few extra ones who have moved in to Rosebud to attend school.

Miss Ross returned on Labor Day to take charge of the Murphy school.

Mr. Merle Jones is returning to Mount Royal College this year, to resume his studies. He will be accom-

panied by Miss Opal Jones, who intends taking a business course.

Mr. Walter Gross is leaving to attend Normal School in Calgary.

On Saturday night as the crowd were thinking of leaving town for home, the news was phoned in that Mr. Robt. Storey's barn on the 50 ranch was burning. Altogether about twenty-five carloads of people rushed to see if they could be of any assistance, but the barn was already nearly burned down, also about eighteen sets of harness. Fortunately all the work horses had been turned out for the night, but a saddle horse was lost. All the people on the ranch had retired for the night, with the exception of Mr. Storey, who returned late from town to find the barn burning.

## Rockyford Locals

Phil Lingenfelder, who has been operating with the Electric Service station for the past three years, and Charlie Elford, have taken over the Ford agency at Rockyford. Phil has been connected with the automobile game since 1908 which gives him the experience of equipping a shop so as to give the best service at reasonable prices.

Miss M. O'Neil, of Calgary, has taken over the duties of teaching the higher grades of the Rockyford school.

Miss M. Strong, of Ocean Falls, B.C., has commenced duties as teacher at the West Colony, Menonites. The Rockyford Motors have sold three Coupes and one touring car within the past ten days at the Rockyford district.

A very painful accident occurred to one of Mr. Ruck's men, Mr. George McDonald, on Monday morning, when the team ran away with the binder. Throwing Mr. McDonald beneath the machine. The injured man was rushed to the Rockyford Hospital for first aid, and later sent to the Calgary Hospital.

Rockyford Motors are installing a retynding machine in with their Ford agency.

Is this not a record for the district this year? A single comb Rhode Island Red pullet, at Broadacre Farm, hatched April 9th, commenced laying August 24th.

Power will be installed in the Rockyford Telephone Exchange this week, and subscribers are expected to be able to "ring off" after conversation so as to enable the operators to give better service.

New telephones installed are: A. Sangster, residence phone 45; Rockyford Fruit Co. phone 46.

W. Hiett and A. Benson have opened up a fruit store in the Laidlaw building, and are retailing fruit.

Miss L. Linton has returned from her vacation at Lloydminster.

## Here and There

A dispatch from London, England, states that the Sudan Government, through Capt. E. C. Midwinter, general manager of railways and steamers, Sudan, Africa, has accepted a tender from a British Columbia firm for 150,000 railway ties of Douglas fir. The contract expressly stipulates that the railway ties shall be of Canadian origin.

British Columbia's shipment of water-borne lumber to overseas markets totalled \$21,707,122 board feet last year, against \$21,400,000 in 1922, an increase of 21 per cent. This announcement was recently made by the provincial minister of lands and is a remarkable indication of the rapid expansion of the lumber industry in British Columbia.

Under a scheme inaugurated by the Provincial Government it is announced that British Columbia will advance loans up to \$100 a family to settlers from the Hollanders, on condition that the British Government advance a like amount. In view of the present depression in the islands, it is expected that the British Government will co-operate.

## Announcing Rockyford Motors

We have been fortunate in securing the Ford agency. We expect to unload our second carload of enclosed cars within the next few days.

A few advantages of the new models—are equipped as follows: Dash Light, Rear View Mirror, Windshield Wiper, Full Balacon Tires, etc.

GENUINE FORD PARTS—GOOD SERVICE.

## FREIGHT ON EXHIBITS OF GRAIN AND LIVESTOCK

It is announced that the Dominion Government will pay 75 per cent of the freight charges on livestock exhibits going from Alberta to the Royal Show at Toronto and the International Show at Chicago. These exhibits will be of selected livestock.

The Province of Alberta will pay the balance of 25 per cent of the freight. It is hoped that a creditable livestock exhibit will be forwarded by the stockmen of Alberta to these shows, as in past years the Alberta livestock exhibit has not been as large as those

from the alster prairie provinces.

The Department of Agriculture of Alberta has decided to pay honorariums on prices in livestock and grain won at these shows. The honorarium of \$100 will be granted for grand championships where such are offered. For first prize, the honorarium will be \$100. These will apply to both grain and livestock.

The grain exhibits this year will be collected at the University of Alberta, passed upon by the Field Husbandry Branch and shipped eastward from there. Last year these exhibits were shipped from several different points, and much difficulty was experienced in tracing the shipments at their points of destination.

The well-equipped and modern plant of the Strathmore & Bow Valley Standard can fill your Job Printing orders on short notice at reasonable prices. Mail and phone orders given special attention.

FORTY BABIES IN FAMILY BOX

ONE hears a lot nowadays about babies travelling long distances unaccompanied. Here are forty babies travelling without nurse or mother and they are all in one box. What's more, they are only a day old. Human babies wouldn't survive, but the sturdy little baby chicks in this photograph are representative of thousands constantly shipped from hatcheries to farmers all over Canada via the Union Express in special boxes which enable them to make the journey in safety and with little discomfort.

## Social-Personal

The people of Strathmore will be  
sorry to hear that they are to lose  
Mr. C. S. B. Latt, the accountant of our  
bank. He has been appointed manager  
of the Union Bank at Standard, and  
will commence his duties there some  
time this week. Mr. Latt has been  
here some five years, during which  
time he took an active interest in the  
church, and in town affairs generally.  
I am sure that we all wish him the  
best of success in his new position.

Mrs. Oxley and Miss Sanford arrived  
back in town on Monday. They will  
be teaching at the Strathmore schools  
during the next term.

Mr. and Mrs. Wood are spending a  
few days at Brang Creek.

Last Thursday there was "a sound  
of revelry by night" when Miss Gil-  
son was hostess at a select party given  
to a few of her friends. Among those  
present were the Messrs. Martin and  
Stephanie Chamberlain, Edith Gray,  
and Annie Burton. Messrs. A. Mc-  
Kechnie, Harold Jones, T. Chamber-  
lain, and, of course, but, but not least,  
the junior members of the Bank staff.  
The evening was spent in card play-  
ing and other games, dear to the hearts  
of young people, and the party broke  
up in the " wee wee" hours, everybody  
having spent a hilarious evening.

Mrs. H. Williams is back in town  
again, having spent a few weeks in  
Medicine Hat.

Mrs. A. Hinchelliff and Miss Sally  
Wright were week-end visitors in Cal-  
gary.

Mr. and Mrs. Van Tighem are back  
from a vacation spent in Banff. One  
more the Bank staff know the mean-  
ing of the word "work" after their  
fortnight's respite.

There must be a peculiar attraction  
at Banff. Our local lawyer and  
Mr. F. R. Lilly are enjoying a few  
days there.

### RECEPTION AND PRESENTATION TO DR. AND MRS. L. G. ROBINSON

Wednesday evening, August 27th,  
claimed Mrs. H. E. Tompkins a  
charming hostess, when the members  
and friends of the Union Church Choir  
entertained in honor of Dr. and Mrs.  
L. G. Robinson.

The first part of the evening was  
spent in musical games, interspersed  
with vocal solos by Mr. C. A. Lydall  
and instrumental selections.  
At midnight a very delicious lunch was  
served, with Mrs. A. H. Rowe presid-  
ing at the tea table, which was very  
pretty with sweet peas in a low silver  
bowl, surrounded with pale pink tulle.  
Mrs. R. E. Smith and Mrs. A. W. Gil-  
vin assisted the hostess in serving.

After refreshments Rev. A. H. Rowe,  
in a few well chosen remarks, spoke  
of the very fine work of Dr. Robinson  
since coming to Strathmore, and es-  
pecially of his assistance and ability  
as President of the Union Choir.

At the close of Mr. Rowe's address,  
Miss Genevieve Tompkins presented  
Mrs. Robinson with a bouquet of pink  
and orange sweet peas in a handsome  
silver basket.

A very pleasant evening was brought  
to a close with a real sing song.

### BRISK DEMAND FOR HOMESTEADS

There continues to be a brisk de-  
mand for homesteads in northern Al-  
berta. During the past week 29 were  
filed on at the Edmonton office.  
Some of these are from many lands, but  
Americans predominate.

## New Farm Inventions for Alberta Farmers

Patents on two inventions which promise to advance the agricultural industry in Alberta a long step forward, have recently been secured by the Alberta Department of Agriculture through the efforts of Hon. Geo. Hoodless, Minister of Agriculture.

One of these inventions, created by three farmers resident in the Sedgewick district, is a new ensilage cutter which is designed to eliminate much of the labor entailed in harvesting heavy ensilage crops. The invention is a machine drawn by three horses which not only cuts the crop but also cuts up the ensilage and dumps it into a wagon travelling alongside. Those who have handled heavy crops of sunflowers will realize what a boon such a machine would prove to be. Some time ago Mr. Hoodless took the invention up, and has had machine manufactured for test purposes. He has also secured the patent rights on it for the three western provinces.

During the next few weeks tests of the machine are to be carried out at Lethbridge, High River, Strathmore, Olds, Lacombe and Edmonton. The machine is at present at the experimental farm at Lethbridge, where it will remain for some days then moved to High River, and will be at Strathmore the week following. Farmers are urged to attend demonstrations of the machine if possible. It is the purpose of the Department, if the demonstrations are satisfactory to have the machine manufactured and made obtainable to the farmers of the west at cost. It is believed such a machine would be of an immense stimulus to the dairy industry, making it much easier to put up a feed crop for the winter months.

### TAR SAND EXPERT HERE

Alberta's extensive tar sand deposits, northeast of Edmonton, were visited during the past week by an expert in this line in the person of Robert M. Birk, of Chicago, who has access to considerable capital, which might be employed in the development of these sands. If Mr. Birk reports favorably on the matter of extraction of oil and bitumen. Mr. Birk visited the deposits in company with Howard Stutchbury, Provincial Trade Commissioner.

### ALBERTA FOX FARMS

Alberta has now 44 fox farms which is nearly double the number recorded in 1922.

The other invention with which the Department is concerned is that of a machine placed on grain separators designed to clean wheat of all weed seeds without interfering with existing weed cleaning apparatus on the separator. The experiment with this attachment has been in the hands of W. J. Stephen, Field Crops Commissioner, and has been found to such a satisfactory stage that several are being manufactured for tests this fall. The machine is designed with the ultimate purpose of freeing the province of the weed menace with the eventual saving of millions of dollars and should also have the effect of freeing for use in feeding, the screenings which can only now be used under strictest regulations because of their weed dangers. Mr. Hoodless' chief hope in connection with this invention is that it will make it possible to deal with weed seeds in grain once and for all on the very farm on which they are produced, so that there will be no weed seeds travelling about in the grain after it leaves the farm.

### HER FACE LOOKS FAMILIAR

Surely many of our women readers will recognize the simply but fashionably attired beauty pictured here. Her lovely brown eyes and haunting smile have greeted hundreds of housewives covers and pages of fashion periodicals. Who is she? Well, if we must name her—she is Miss Lillian Grace. Miss Grace is famed throughout the country as a remarkable beauty and is always in demand by photographers, artists and fashion experts. She appeared in person recently at the Fashion Pageant held in New York City where hundreds sought the chance to get a close glimpse of her. With such beauty—shouldn't she make a good "drawing card"?

CALGARY, Alta.—A carload of live poultry, the first to be shipped from Alberta to the United States market, left Viking recently for New York. The shipment, arranged for by a buyer from the United States, is in the nature of an experiment. It included some 2,450 birds from the districts of Camrose, New Norway, Hiley and Viking.

### CROW COMPETITION

As the competition for the destruction of crows, magpies and gophers on September 1st, it is important that all returns together with crow and magpie feet and gopher tails be received by the Department of Agriculture on or before September 10th.

World production of silver for the first half of 1924 is 17,650,000 ounces, as against 118,250,000 ounces in the first six months of 1923. Canada accounted for a production of 10,800,000 ounces in 1924, as against 10,200,000 ounces in the first half of 1923, being the third producer after Mexico and the United States, U. S. of which showed a decline.

## Local Holdings

OF LOCAL INTEREST  
Readers are requested to send in items for this column not later than 12 o'clock Monday noon preceding day of publication. All local news items are welcomed by the Standard. Phone 17 or 24.

Owing to unavoidable mechanical troubles, this issue of the Standard is late in publication.

Mr. John Mackenzie, editor of the Standard, with Mrs. Mackenzie and daughter, Mary Helen, arrived back in Strathmore from overseas on Wednesday evening.

On Monday last H. J. Anderson & Sons delivered two tractors, 1 separator and six trucks to Mr. Stangor and Mr. Harry Akerman.

Mr. and Mrs. J. Holland returned to Minneapolis after spending a two weeks vacation with Mr. and Mrs. P. Benz.

Mr. Leslie Ashton and his mother returned to Calgary after visiting with Mr. and Mrs. P. Benz.

## Golf Notes

Owing to the fact that many golfers were out of town on Sunday and Monday last, the opening of the local golf tournament (men's) has been postponed until Sunday, September 7th, when the qualifying round will be played for places, and a prize for best score without handicap will be awarded. The draw for this competition may be seen at the Strathmore Hardware Co.'s window on Saturday 6th. Players in good standing are eligible to enter this competition on the payment of 25c entrance fee, which covers the succeeding three tournament games for trophies. Phone Mr. Potts or Dr. Robinson for information regarding partners, opponents, etc.

The qualifying round for the ladies' club tournament will be played on Wednesday, September 3rd, as announced in last week's issue of the Standard. All lady members in good standing (yearly dues paid) are eligible to enter the tournament on a payment of 25c entrance fee, which will cover all the tournament games. A handsome prize will be awarded to the lady turning in the best gross score in the qualifying round (without handicap). Phone Mrs. Riley or Miss Watson for all information.

## Belated Doings

Want this magazine? It is a most interesting and valuable one. It is a most interesting and valuable one. It is a most interesting and valuable one.

Mr. and Mrs. Mackenzie came home early last week from Caline.

Mr. and Mrs. Thompson left on Sunday, August 21st, on their trip to Holland. They will proceed to New York, and will sail on September 6th on the New Amsterdam. They wish all their friends and neighbors an au revoir.

On August 29th the Junior U.F.A. held their third annual graduation exercises, and it certainly was the best ever held. The programme consisted of group singing, yells, duets, recitations, and two very splendid dialogues, while the names of the successful students were read from an honour roll. After the programme, luncheon was served in the basement, which was followed by a dance and games.

Wallace Taylor is using a stonking attachment to his binder, while Mr. Stachwell is using a push binder.

The U.F.A. sold a carload of Imperial should be here in a few days.

## The School Fair

The annual Strathmore and district school fair will be held on Tuesday, September 24th.

The classes open for competition include livestock, grains, vegetables, flowers, cooking and sewing, as well as all kinds of school work. There will also be a full programme of sports.

The committee have obtained over half worth of donations and special prizes, and the total prize money available is in the neighbourhood of \$200.

**Demand is the Cause of Supply**  
Demand an old and WELL-MATURED whisky and you will get it.

**"CANADIAN CLUB" and Imperial WHISKY**

are soundly manufactured, old, and well-matured whiskies.  
If you demand these you will get them.

Read the label on every bottle and observe the date on the Government Stamp.

**YOUR HEALTH**

is your most valuable asset, so why not safeguard it with a "Continental" Sickness and Accident Policy? I have been appointed the Local Agent of the—

**CONTINENTAL CASUALTY COMPANY**  
whose policies are endorsed by many local C. P. R. officials.

The "Continental" has more policy-holders than any other company in the World, and claims paid exceed \$45,000,000.00.

**SPECIAL POLICIES FOR FARMERS**  
Write, call, or phone, and I will gladly quote you rates, and give you any information you require.

**STRATHMORE REAL ESTATE & INSURANCE AGENCY.**  
Strathmore, Alberta  
F. J. Dunn P.O. Box 80  
Phone 98.

Here's a historic relic—just brought to light—which is attracting thousands of visitors to the exhibition rooms of the Chicago Historical Society. It is one of five death masks of the great Napoleon and was presented to the Chicago Society recently by Joy Munton, the "Sail King".

Cast in bronze, it remained hidden for many, many years in a box owned by Dr. Francois Anemarch. The latter died in 1828—almost a century ago—while exploring near the Cuban coast.

Two of the four other masks are now in the Louvre.

As usual the Department of Agriculture is offering a diploma for the school obtaining the most points, and also a short course at one of the schools of agriculture to the boy and girl doing the best all round work.

It is hoped to have the prize lists distributed simultaneously with this announcement. Show your interest in the schools of the district by boosting the fair and making it a very great success.

# Indians Massacred the Garrison

NEW UNION STATION, CHICAGO

MIEN FORT, CHICAGO, ILL. 1850

NEW CHICAGO HOME OF CANADIAN PACIFIC RAILWAY

If one were to address a letter to-day to "Chicago," even a clerical post-office official would be surprised, but that was how the great French explorer, La Salle, spelled Chicago 241 years ago. Chicago was simply a name when Joliet, Pere Marquette and the Sault de la Salle came upon their way to the Mississippi. Chicago was then a part of Canada—New France. It was called Joliet and Marquette called it St. Louis, or ten years earlier than La Salle. Even then Chicago was a great transportation center for Indians and French explorers for it was on the line of march westward from Quebec, via the Great Lakes, to the Mississippi and seaward to the Gulf of Mexico. La Salle actually went from Quebec to the Gulf of Mexico and back again, and was murdered somewhere in Mississippi by his own followers.

When the canoe and the prairie schooner of the pioneers were succeeded by the railway train, Chicago became one of the world's greatest transportation centers, built on the same old line of march from the east to the west, and vice versa. Fort Dearborn was built in 1803 and for three decades was Chicago. In 1831 Indians massacred the garrison, but

way train entered Chicago from the east. To-day Chicago is a great railway hub, the spokes of which run north, south, east and west. Her Union Station, now marvellous complete, will be among the finest terminals in the world and will be used by the Pennsylvania, Burlington, St. Paul and Alton railways.

Another new and important rail development in Chicago is the move of the Canadian Pacific's rail and steamship passenger offices and those of the Soo Line to the new Stran Building, corner of Michigan Avenue and Jackson Boulevard, a very attractive and imposing 22 story building not far from the site of historic Fort Dearborn. Following the route of the early explorers of 250 years ago, the Canadian Pacific enters Chicago via its own lines and the Michigan Central westward from Montreal and places the eastbound Chicago traveler aboard ship for Europe in Montreal, in less than 24 hours. Westward over the Soo Line and Canadian Pacific, the traveler reaches Vancouver in 31 and a half hours from Chicago and in only 90 hours from Montreal. What would La Salle, Joliet and La Salle need More
